

Erik Schaal

Minneapolis, MN 55423 | 612-978-2860 | Schaa077@umn.edu

Constant and never ending improvement, is a philosophy that I embody not only in my professional life, and in my personal life as well. When this philosophy meets my passion for computer science, creativity and productivity flows.

- I will constantly bring increasing value to your company, year after year.
- I am reliable, on-time and dedicated to doing great work
- Positively engage with others in an effective and friendly manner
